Paper 2

May/June 2008

1 hour 30 minutes

Candidates answer on the Question Paper.
No Additional Materials are required.

READ THESE INSTRUCTIONS FIRST

Write your Centre number, candidate number and name on all the work you hand in.
Write in dark blue or black pen.
You may use a soft pencil for any diagrams or graphs.
Do not use staples, paper clips, highlighters, glue or correction fluid.
DO NOT WRITE IN ANY BARCODES.

Answer **all** questions.
You may use a calculator.

Where layouts are to be completed, you may not need all the lines for your answer.
The businesses mentioned in this Question Paper are fictitious.

At the end of the examination, fasten all your work securely together.
The number of marks is given in brackets [] at the end of each question or part question.

- 2 Emilie has a shop and sells goods for cash and on credit. She keeps the cash book herself but her accountant writes up her ledger each month.

Emilie puts her cash receipts in a till and enters them into her three-column cash book each week. She offers a cash discount of 3% to her debtors for payment within 15 days.

She buys stock in bulk from a wholesaler for cash and receives trade discount of 5% for orders in excess of \$1000.

She pays wages each week in cash.

On 1 March 2008 Emilie's cash book showed cash in hand of \$1700 and cash at bank of \$3000.

Emilie had the following transactions in one week in March 2008.

		\$
March 3	Cheque received from Jules for goods sold on 20 February	194
4	Sold goods on credit to Henri	200
5	Paid cash to Andre for goods purchased	1200
6	Cheque received from Michel for goods sold on 29 January	85
7	Cash sales for the week	1850
7	Wages paid for the week	330

REQUIRED

- (a) Make the necessary entries in Emilie's cash book to record the above transactions for the week ended 7 March 2008.

(b) Calculate Emilie's total sales for the week ended 7 March 2008. Show **all** workings.

*For
Examiner's
Use*

BLANK PAGE

Question 3 is on the next page

3 Ah Sung has a business buying and selling parts for machines.

You are given the following information about part Q.

At 1 April there were 200 units in stock which cost \$3.20 each. In the month of April purchases were:

April	Units	Cost per unit
		\$
5	100	3.20
10	150	3.00
27	100	3.00

At 30 April there were 300 units in stock and the net realisable value of each unit was \$3.00.

REQUIRED

Calculate the following for part Q. Show **all** workings.

(a) The value of stock at 1 April.

.....
 [3]

(b) The total cost of purchases for April.

.....

 [4]

(c) The value of stock at 30 April.

.....
 [3]

(d) The number of units sold in April.

.....
.....
.....
.....
.....
..... [4]

(e) The cost of goods sold for the month of April.

.....
.....
.....
.....

- 5 Tina decides to start a business driving a taxi. She buys a suitable motor car on 1 April 2008 but has to spend more money installing a meter. Each year she has to pay for a taxi licence and for taxi insurance.

REQUIRED

- (a) In the table below, place a tick (✓) under the correct heading for each item of expenditure incurred by Tina.

	Capital expenditure	Revenue expenditure
Purchase of taxi		
Installing meter		
Taxi licence		
Taxi insurance		
Filling taxi with fuel		
Servicing engine		

[6]

Tina has spent \$18 000 on her taxi and decides to charge depreciation using the reducing balance method at 30% per annum.

REQUIRED

- (b) Calculate the depreciation to be charged in Tina's accounts for **each** of the following years.

- (i) Year ending 31 March 2009.

.....
 [3]

- (ii) Year ending 31 March 2010.

.....
 [3]

- (c) Calculate what the net book value of the taxi will be on 31 March 2010.

.....
 [2]
