Paper 1

May/June 2004

**1 hour 45 minutes**

Candidates answer on the Question Paper.  
No Additional Materials are required.

**READ THESE INSTRUCTIONS FIRST**

Write your Centre number, candidate number and name on all the work you hand in.  
Write in dark blue or black pen in the spaces provided on the Question Paper.  
Do not use staples, paper clips, highlighters, glue or correction fluid.

Answer **all** questions.  
At the end of the examination, fasten all your work securely together.  
The number of marks is given in brackets [ ] at the end of each question or part question.  
The businesses described in this question paper are entirely fictitious.

If you have been given a label, look at the details. If any details are incorrect or missing, please fill in your correct details in the space given at the top of this page.

Stick your personal label here, if provided.

<b>TOTAL</b>	

This document consists of **12** printed pages.

- 1 Classic Computers manufactures computers. Some of its products are in the maturity stage of their product life cycle. The market for computers is very competitive. The management know that sales depend on the right marketing mix decisions. The Marketing Manager believes that the demand for computers is price elastic. Table 1 gives some data about Classic Computers.

**Table 1**

Classic Computers Sales Data 2003

Sales volume (units)	500
Sales revenue (\$)	400 000

The total market value of computer sales in 2003 was \$2 million.

- (a) Calculate for Classic Computers:

- (i) the unit selling price,

.....

.....

.....

..... [2]

- (ii) its market share.

.....

.....

.....

..... [2]

- (b) (i) Draw and label the stages of a product life cycle.

[4]

(ii) Explain what is meant by the maturity stage of a product life cycle.

.....  
.....  
.....  
..... [2]

(c) (i) The demand for Classic Computers' products is price elastic. Do you think that the Marketing Manager should increase the prices of computers? Explain your answer.

.....  
.....  
.....  
.....  
.....  
.....  
.....  
.....  
..... [4]

(ii) Explain how **two** elements of a marketing mix other than price might help the sales of Classic Computers' products.

.....  
.....  
.....  
.....  
.....  
.....  
.....  
.....  
.....

2 Anesh Patel's business makes toys. His business has been successful. However recently sales and profits have been falling. 'Things seem to be getting worse,' he said. 'The government is raising interest rates and introducing new health and safety laws. I may have to make some workers redundant if my costs rise any more. What the government should be doing is keeping out cheap imports.'

(a) (i) Give **two** examples of health and safety problems that government laws might try to solve.

.....  
.....  
.....  
.....  
.....  
.....  
.....  
.....  
.....  
.....  
..... [4]

(ii) Do you think that governments should introduce health and safety laws? Explain your answer.

.....  
.....  
.....  
.....  
.....  
.....  
.....  
.....  
.....  
.....  
.....  
.....  
.....  
.....  
.....  
..... [6]

(b) (i) Why does Anesh believe that the government should keep out cheap imports?

.....  
.....  
.....  
..... [2]

(ii) Explain **one** method that could be used to protect Anesh's business from cheap imports.

.....  
.....  
.....  
.....  
.....  
..... [3]

(c) Why might a rise in interest rates affect the profits of Anesh's business?

.....  
.....  
.....  
.....  
.....  
.....  
.....
