**MARK SCHEME for the October/November 2009 question paper  
for the guidance of teachers**

**0470 HISTORY**

**0470/04** Paper 4 (Alternative to Coursework), maximum raw mark 40

This mark scheme is published as an aid to teachers and candidates, to indicate the requirements of the examination. It shows the basis on which Examiners were instructed to award marks. It does not indicate the details of the discussions that took place at an Examiners' meeting before marking began, which would have considered the acceptability of alternative answers.

Mark schemes must be read in conjunction with the question papers and the report on the examination.

- CIE will not enter into discussions or correspondence in connection with these mark schemes.

CIE is publishing the mark schemes for the October/November 2009 question papers for most IGCSE, GCE Advanced Level and Advanced Subsidiary Level syllabuses and some Ordinary Level syllabuses.

- Level 2 Useful/not useful – One source is from a Frenchman, the other is from an Englishman so they could both be biased/unreliable. [2]
- Level 3 Choice made on the nature or amount of information given. Must specify what information. [3–5]
- Level 4 Choice made on the grounds of reliability.

6 marks for one source, 7 marks for more than one source. [6–7]
- (b) (i)** One mark for each valid colony to a maximum of two. BUT one must be German and the other Belgian e.g. Germany – East Africa, Kameroun, SW Africa (Namibia), Togo, Belgium-Congo. [1–2]
- (ii)** Level 1 Identifies system. Method of controlling colonial territories. [1–2]
- Level 2 Describes system. Award an extra mark for each element described in additional detail e.g. The idea of Lord Lugard and used in many colonial areas. Local rulers must acknowledge British control, and must deliver justice to their peoples and taxes to GB.
