

Syllabus update

IGCSE Chemistry 0620 (for examination in 2016–2018)

We have updated this syllabus. The latest syllabus is published August 2014.

Changes have been made to bullet point 7 under "Experimental skills tested in Paper 5: Practical Test and Paper 6: Alternative to Practical" on page 32 of the syllabus document

The 7th bullet point under "Experimental skills tested in Paper 5: Practical Test and Paper 6: Alternative to Practical" on page 32 has been updated and now reads:

• identification of ions and gases (Paper 5 will include notes on qualitative analysis for the use of candidates in the examination)

Changes have also been made to page 35

Please note changes in the Periodic Table as follows: 50 Sn tin 119 and 112 Cn copernicium –

								Gr	oup
