Paper 2 Data Response and Essay (Core)

May/June 2006

1 hour 30 minutes

Additional Materials: Answer Booklet/Paper

READ THESE INSTRUCTIONS FIRST

If you have been given an Answer Booklet, follow the instructions on the front cover of the Booklet.
Write your Centre number, candidate number and name on all the work you hand in.
Write in dark blue or black pen.
You may use a soft pencil for any diagrams, graphs or rough working.
Do not use staples, paper clips, highlighters, glue or correction fluid.

Section A

Answer this question.
Brief answers only are required.

Section B

Answer any **one** question.

You may answer with reference to your own economy or other economies that you have studied where relevant to the question.
At the end of the examination, fasten all your work securely together.
The number of marks is given in brackets [] at the end of each question or part question.

This document consists of **4** printed pages.

Section A

Answer this question.

1

Trade developments between Australia and Thailand

Table 1 Trade in goods between Australia and Thailand in 2002, all valued in Australian Dollars (A\$)

Australian Exports	A\$m	Australian Imports	A\$m
Total	2510	Total	3140
Of which:		Of which:	
Gold	412	Vehicles	541
Aluminium	348	Petroleum	259
Cotton	186	Heating / cooling equipment	240
Dairy products	137	Seafood	221
Crude petroleum	115	Computers	113

In October 2003, Australia signed a trade agreement with Thailand. Under this, more than half of Thailand's 5000 import tariffs on Australian goods were abolished immediately and others were reduced. These tariffs covered Australian exports worth more than A\$700 million in total. Thailand would abolish the remaining tariffs by 2020. An independent survey predicted that by 2023 these actions would raise the GDP of Australia by A\$12 000 million and that of Thailand by A\$46 000 million.

Table 2 Some of the immediate changes in Thailand's tariffs on Australian goods

Product	Old Tariff	New Tariff
Beef	51%	40%
Wheat	12-20%	0%
Wine	55%	40%
Large cars	80%	0%
Small cars	80%	30%

- (a) (i) Calculate the balance of trade in goods between Australia and Thailand in 2002. [2]
- (ii) What differences were there in the types of goods traded between the two countries? [2]
- (iii) Explain what might have caused these differences. [4]
- (b) (i) Name **two** protective measures, other than tariffs, that restrict free trade. [2]
- (ii) Explain, with the aid of a demand and supply diagram, how the domestic producers of a good are affected by the removal of a tariff on imports of that good. [4]
- (c) Discuss whether Australia and Thailand should have abolished all tariffs immediately. [6]

Section B

Answer **one** question.

- 2 (a) Explain, with examples, the significance of the value of a good's cross-elasticity of demand in relation to its substitutes and complements. [8]
- (b) Discuss whether the demand for mobile phones (cell phones) is likely to be price-elastic or price-inelastic. [12]
- 3 (a) Explain, with examples, the difference between a demerit good and a merit good. [8]
- (b) Discuss **two** methods that a government might use to influence the consumption of demerit goods. [12]
- 4 (a) Explain, with the aid of diagrams, how a government would maintain a fixed exchange rate. [8]
- (b) Discuss whether it is better for a country with a floating exchange rate to face an appreciation or a depreciation of its currency. [12]
