

**MARK SCHEME for the October/November 2009 question paper
for the guidance of teachers**

0530 SPANISH (FOREIGN LANGUAGE)

0530/02

Paper 2 (Reading and Directed Writing),
maximum raw mark 65

This mark scheme is published as an aid to teachers and candidates, to indicate the requirements of the examination. It shows the basis on which Examiners were instructed to award marks. It does not indicate the details of the discussions that took place at an Examiners' meeting before marking began, which would have considered the acceptability of alternative answers.

Mark schemes must be read in conjunction with the question papers and the report on the examination.

- CIE will not enter into discussions or correspondence in connection with these mark schemes.

CIE is publishing the mark schemes for the October/November 2009 question papers for most IGCSE, GCE Advanced Level and Advanced Subsidiary Level syllabuses and some Ordinary Level syllabuses.

A General marking principles

- 1 **Please note that it is not possible to list all acceptable alternatives in this mark scheme. You will need to consider all alternative answers and unexpected approaches in candidates' scripts, make a decision on whether they communicate the required elements, in consultation with your Team Leader if necessary, and award marks accordingly.**
- 2 Do not alter what the candidate has written in any way, e.g. if an accent is missing, don't add it in, and if a word doesn't end correctly, don't write in the correction. Where necessary, indicate errors by underlining or by placing a circle where an accent should be or by using an insert sign to indicate something is missing.
- 3 If a candidate changes his / her mind over an answer and crosses out an attempt, award a mark if the final attempt is correct.
- 4 If a candidate crosses out an answer to a whole question but makes no second attempt at it, mark the crossed out work.
- 5 For questions requiring more than one element for the answer, (i) and (ii), where the answers are interchangeable:
Both correct answers on line 1 and line 2 blank = 2
Both correct answers on line 1 and line 2 wrong = 1
(or vice-versa)
- 6 Annotations which may be used in the marking:
 - bod = benefit of doubt
 - ha = harmless addition
 - inv = invalidation
 - irr = irrelevant
 - tc = tout court

Exercise 4 Question 16

COMMUNICATION: 1 mark per item up to a maximum of 3

APPROPRIATENESS OF LANGUAGE: 0, 1 or 2 marks according to grid

- Mark answers that are not written in the space provided for that purpose exactly as if they were written in the correct space, e.g. where candidates answer the questions but ignore the instruction to frame their answer as a message.
- Where there are two versions, one by pics and one in box, mark what is in the box.

Communication

- (a) *situación*
Reference to the physical / geographical situation of the house: e.g. its position in, or near: state / region / area / city / coast / beach / shops / woods
- (b) *número de habitaciones*
Reference to the number of rooms, though not necessarily exactly as portrayed on the house plan
- (c) *lo que te gusta*
An expression of 'liking' plus an object
e.g. *gustar, encantar, lo bueno*

REJECT

- Reference to the condition of the house, e.g. nice / big / pretty / modern
- The house or room number, e.g. my room is no. 304

Appropriateness of language

- 2 For the award of 2 marks, 2 verbs must be in appropriate tenses. Minor errors (adjective endings, use of prepositions etc.) are tolerated.
- 1 There is some appropriate usage to reward. For the award of 1 mark, 1 verb must be in an appropriate tense.
- 0 There are no examples of appropriate usage to reward.
Where 0 marks were awarded for Communication, 0 marks are awarded for language.

When marking for Language, consider only the parts of the candidate's work for which you are awarding a communication mark.

NB: if candidates do not attempt one of the tasks they cannot score more than 1 mark for language.

Section 3

General Marking Principles

- Answers should be marked for communication. Tolerate inaccuracies provided the message is clear.
- At this stage (Section 3) we are looking for signs of genuine comprehension. As a general rule, candidates who lift **indiscriminately** fail to demonstrate comprehension and will not score the mark. However, **careful** lifting of just the required details does demonstrate comprehension and should be rewarded. See detailed mark scheme for guidance.
- Where extra material is appended which invalidates an answer, underline the material and place INV above it. Invalidation = 0.
- In general, do not accept incorrect Spanish if the word given means something else in Spanish.

Exercise 1 Questions 26–31

1 Mark per question for True or False: use a tick to indicate that the True / False is correct

1 Mark for correcting False statement (26, 27, 29, 30): use a 1 to indicate that the correction is acceptable and a 0 to indicate it is unacceptable.

Add up the ticks and 1s to give the total mark out of 10.

- Candidate ticks/crosses VERDADERO and goes on to supply justification: award mark for VERDADERO if this is the correct answer; ignore any justification. If VERDADERO is not the correct answer, no marks are awarded.
- Candidate ticks neither VERDADERO nor FALSO and supplies justification: assume candidate intended to tick FALSO and proceed accordingly, e.g. 1 mark for ticking FALSO if this is the correct answer and 1 mark for a correct justification.
- Candidate ticks FALSO and provides no justification: award 1 mark for FALSO if this is the correct answer; no further marks can be awarded.
- Candidate ticks both boxes, with or without justification: no marks can be awarded (unless the candidate indicates that you should ignore one of the ticks in which case proceed according to the usual rules)
