| | IGCSE EXAMINATIONS – JUNE 2003 | 0530 | 3 |

Marking: General Principles

- 1 You are urged to use the full range of marks, bearing in mind that it is not necessary for a candidate to be of native speaker standard in order to be given maximum marks within any single category.
- 2 The general approach is a positive one and you should award marks based on what the candidate can do rather than deducting marks for errors.
- 3 Above all else, please be consistent in your marking. The moderation process allows for adjustments to be made to consistently harsh or consistently generous marking. If you are unsure of the mark to award, err on the side of generosity.

TABLE A – Test 1: Role Plays (30 marks)

This part of the examination is primarily a test of the candidate's ability to communicate needs, information, requests, etc, in plausibly life-like situations. Intelligibility is therefore of greater importance than grammatical or syntactic accuracy. However, verbal communication only will be assessed: credit will not be given for gestures, facial expressions or other non-verbal forms of communication. The use of appropriate register and correct idiom will be rewarded. The teacher/examiner will play the part of a patient and well-disposed foreigner with no knowledge of the candidate's first language.

Each of the ten tasks to be performed in the examination will be assessed on the scale below. Candidates will be required to give natural responses, not necessarily in the form of "sentences": short answers, if appropriate to the task, could be awarded 3 marks.

Marks are awarded as follows:

| | |
|--|---|
| An accurate utterance which not only conveys the meaning but which is expressed in native idiom and appropriate register. Minor errors (adjective endings, use of prepositions, etc) are tolerated. The utterance is intelligible and the task of communication is achieved. | 3 |
| The language used is not necessarily the most appropriate to the situation and may contain inaccuracies which do not obscure the meaning. | 2 |
| Communication of some meaning is achieved, but the native speaker would find the message ambiguous or incomplete. | 1 |
| The utterance is unintelligible to the native speaker. | 0 |

TABLE B – Tests 2 and 3: Topic Conversation and General Conversation (2 × 30 marks)

Scale (a) Comprehension/responsiveness. This assesses the candidate's response in terms of comprehension of the teacher/examiner, immediacy of reaction/response, fluency of response, presentation of material in the topic.

Scale (b) This assesses the linguistic content of the candidate's answers in terms of the complexity, accuracy and range of structures, vocabulary and idiom.

NB. This table is used for Tests 2 AND 3.

| Category | | Mark |
|-----------------|--|-------------|
| Outstanding | (a) Not necessarily of native speaker standard. (b) The highest level to be expected of the best IGCSE candidates. | 14-15 |
| Very good | (a) Generally understands questions first time, but may require occasional re-phrasing. Can respond satisfactorily to both straightforward and unexpected questions. (b) Wide range of mostly accurate structures, vocabulary and idiom. | 12-13 |
| Good | (a) Has no difficulty with straightforward questions and responds fairly well to unexpected ones, particularly when they are re-phrased. (b) Good range of generally accurate structures, varied vocabulary. | 10-11 |
| Satisfactory | (a) Understands straightforward questions but has difficulty with some unexpected ones and needs some re-phrasing. Fairly fluent, but some hesitation. (b) Adequate range of structures and vocabulary. Can convey past and future meaning; some ambiguity. | 7-9 |
| Weak | (a) Has difficulty even with straightforward questions, but still attempts an answer. (b) Shows elementary, limited vocabulary and faulty manipulation of structures. | 4-6 |
| Poor | (a) Frequently fails to understand the questions and has great difficulty in replying. (b) Shows very limited range of structures and vocabulary. | 0-3 |

TABLE C – Impression (10 marks)

| | |
|--|------|
| Very good pronunciation, intonation and fluency; an occasional slight mistake or hesitation. Not necessarily of native speaker standard. | 9-10 |
| Good pronunciation and fluency; makes a fair attempt at correct intonation and expression; some mistakes and/or hesitation. | 7-8 |
| A fair degree of fluency and accuracy in pronunciation despite quite a number of errors; some attempt at intonation and expression. | 5-6 |
| Conveys some meaning despite a lack of fluency and many errors; pronunciation strongly influenced by first language. | 3-4 |
| Many gross errors; frequently incomprehensible. | 1-2 |

Counting words

- (a) In letters ignore any address or date. Ignore also any title which the candidate has invented. No marks may be gained for the above.
- (b) Count up to exactly 140 words. Award no more marks thereafter, either for Communication or Language. But see note (e).
- (c) Our definition of a word is a group of letters surrounded by a space:
el Señor = two words
- (d) All numbers count as one word each whether written as figures or as words.
32 = one word
treinta y dos = one word
- (e) When the 140th word splits a Marking Unit, award a mark for the unit if correct in spite of (b).
...con || mi amigo. Record a tick for *con*.
- (f) Indicate the 140th word by ||.

Irrelevant material

In the case of a deliberately evasive answer, which consists almost entirely of irrelevant material exploited in defiance of the rubric, a score of 0/25 is given. These are rare in IGCSE. The genuine attempt to answer the question, which fails due to a misunderstanding of the rubric, will normally lose Communication marks but score for Accuracy and Impression. Examiners in doubt should contact the Principal Examiner during the marking period. When part of an answer is clearly irrelevant, include such material in the word count, but bracket it and award no Accuracy marks.

LANGUAGE MARKS

This part of the mark scheme applies to both Paper 2 and Paper 4.

GENERAL COMMENTS

The positive marking scheme is intended to reward both accuracy and ambition. No marks are deducted for errors.

MARKING UNITS

A tick is awarded for a correct Marking Unit of which each element is correct.

A Marking Unit may consist of the correct use of any of the following items:

- A noun or pronoun + verb.
- A verb used as an infinitive, with or without a preposition.
- A noun or pronoun + adjective or adjectival phrase or partitive.
- A noun or pronoun + preposition or prepositional phrase.
- All pronouns except subject and reflexive
- All adverbs (except *my*)
- All conjunctions (except *y* (unless changed correctly to *e* where this is necessary) and *pero*)

See below for details.

Each unit (as mentioned above) scores one tick, which should be placed above the verb or the preposition. The spelling and possible accent of verbs must be absolutely correct in order to score a mark. Otherwise, inaccuracies in the use of accents are tolerated except where they are used to distinguish between two words of different meaning or function.

E.g. *aun/aún, solo/sólo* and interrogatives which must be accented *¿Cuándo? ¿Dónde?*

E.g. *Estuve alli* = 2 ticks
Tambien fue = 2 ticks
Es fantastico = 2 ticks

Misspelling of proper nouns in the case of a person's name or a town, place or country should be tolerated

E.g. *...con Guilermo* = 1
...desde Inglatera = 1

Allow the use of *tú* or *usted* in informal letters. In the case of inconsistencies reward the most frequently used. Disallow the use of *tu, tus* etc in formal letters. Also disallow glaringly inappropriate register.

Eg Formal letters: disallow such as *¡Hola! Saludos*
Informal letters: disallow such as *Acuso recibo de su carta...*

Disallow the inappropriate use of the perfect tense.

| | | | |

| | IGCSE EXAMINATIONS – JUNE 2003 | 0530 | 4 |

Do not reward 'letter etiquette' for Language IN QUESTION 2 when a letter is not required.

LETTER ETIQUETTE

Start of the letter

Reward with a tick for Language the correct use of a suitable opening, i.e. the use of *Estimado señor, Estimada señora, Muy señor mío* or *Muy señora mía* in a formal letter. Greetings such as *¡Hola!* or *Querido Juan/Querida María* gain a tick if used correctly in informal letters.

Award ticks for Language up to a maximum of 5 only, for pre-learnt preamble such as:

Siento mucho haber tardado tanto en escribirte (maximum 5)

Thereafter, ignore everything not related to the task set.

NB. These 'politesse' may occur at the end of the letter. If they do, reward to a maximum of 5.

Letter ending

Allow a maximum of 3 ticks for all formal and informal 'politesse'.

E.g. *Esperando su respuesta le queda muy agradecido; Escribeme pronto; Un abrazo fuerte* etc. Mark for language in the normal way up to a maximum of 3 ticks.

TOLERANCES

When a verb is governed by multiple subjects tolerate if either is correct.

E.g. El mujer y su esposo (1) salieron (1)

When an adjective or a preposition is dependent on two or more nouns tolerate if one is correct.

E.g. ...con (1) el mujer y el hombre

No credit is usually given to the occasional correctly spelt item in a sequence which makes no sense in Spanish. However recognisable discreet items such as *mi casa* may be rewarded in such a context.

When the gender of the writer is variable, tick only the most frequent.

Always accept the declared gender of the writer when marking agreements and ignore the name on the front of the script and at the end of the letter.
