

UNIVERSITY OF CAMBRIDGE INTERNATIONAL EXAMINATIONS International General Certificate of Secondary Education

CANDIDATE NAME	
CENTRE NUMBER	CANDIDATE NUMBER
GEOGRAPHY	0460/12
Paper 1	October/November 2012
	1 hour 45 minutes
Candidates answer on the Question I	aper.

READ THESE INSTRUCTIONS FIRST

Write your Centre number, candidate number and name in the spaces provided.

Write in dark blue or black pen.

Additional Materials:

You may use a soft pencil for any diagrams, graphs or rough working.

Do not use staples, paper clips, highlighters, glue or correction fluid.

DO **NOT** WRITE ON ANY BARCODES.

Write your answer to each question in the space provided.

Ruler Protractor

If additional space is required, you should use the lined page at the end of this booklet. The question number(s) must be clearly shown.

Answer **three** questions.

The Insert contains Photograph A for Question 3, Photograph B for Question 5 and Photograph C for Question 6.

The Insert is **not** required by the Examiner.

Sketch maps and diagrams should be drawn whenever they serve to illustrate an answer.

At the end of the examination, fasten all your work securely together.

The number of marks is given in brackets [] at the end of each question or part question.

For Examiner's Use

(a) Study Fig. 1, population pyramids which show the structure of the population for three towns in an MEDC in Europe.

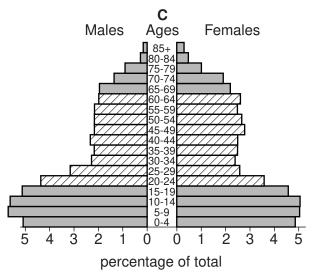

Fig. 1

(i)	What is meant by the <i>structure</i> of a population?	For Examiner's Use
(ii)	Define the terms <i>dependent population</i> and <i>economically active</i> as used in the key	
	for Fig. 1. Dependent population	
	Economically active	
	[2]	
(iii)	Which of the population pyramids shows:	
	 a town on the coast to which many elderly people migrate when they retire; 	
	a town where birth rates are high, but from which many young adults leave to find work elsewhere;	
	 a growing town to which many young families have moved? 	
	[3]	

(iv)	Describe the differences in the dependent populations of the towns shown by the population pyramids A and B . Use data in your answer.	For Examiner's Use
	143	

(b) Study Fig. 2, which shows changes in the percentage of population over the age of 65 in Indonesia and Malaysia (countries in South East Asia).

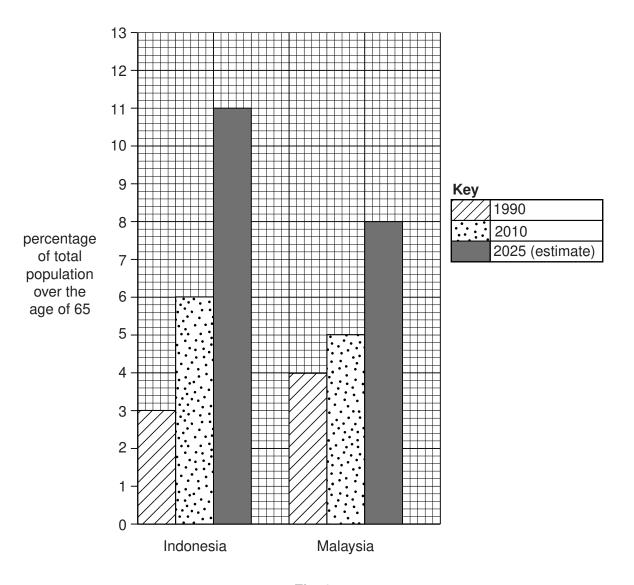

Fig. 2

)	Compare the percentage of the population over the age of 65 in Indonesia and Malaysia in 1990 and 2010. Use data in your answer.
	[3]

	(ii)	Suggest reasons for the large increase in the percentage of the population over the age of 65 which is expected in Indonesia and Malaysia by 2025.	For Examiner's Use
		[5]	
(c)	For	a named country which you have studied, describe the problems caused by an	
(6)	age	ing population.

END OF QUESTION 2

(a)

Stu	dy Photograph A (Insert), which shows Pico Viejo, an active volcano in Tenerife.
(i)	What is meant by active volcano?
	[1]
(ii)	Using only evidence from Photograph A, describe two features of the volcano shown.
	1
	2
	[2]
(iii)	Briefly describe the global distribution of volcanoes.

25th April 2010

(b) Study Fig. 5, information about the impacts of a volcanic eruption in Iceland.

For Examiner's Use

Iceland's volcanic eruption benefits tourism

Iceland's latest volcanic eruption is coming to an end and the unexpected tourist boom that lifted this country's financial fortunes may be ending too.

Last month, the Eyjafjallajokull volcano began erupting again after almost 200 years, threatening floods and earthquakes but drawing thousands of adventurous tourists to the site where ash and red-hot lava was coming from a crater between two glaciers.

Thousands of people have made the trip to the volcano, 120 kilometres east of Reykjavik, since the eruption began on March 20th. Many people have made a small fortune taking them there, by bus, snowmobile, "superjeep" and even helicopter.

Charter airline Iceland Express says its business has risen by 20% since the eruption, and the Icelandic Tourist Board says 26 000 overseas visitors came to the country in March, a record for a guiet month when it is still winter in Iceland.

(ii)	In what ways, other than tourism, may people benefit from living close to a volcano?
	[4]
(iii)	Explain how volcanic eruptions can cause problems for people.
	[5]

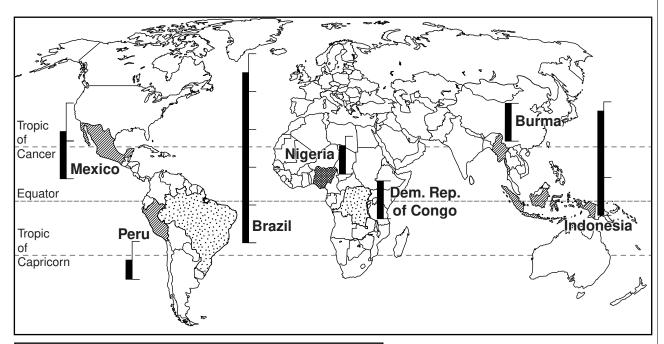

For

(c)	Explain the causes of an eruption of a named volcano which you have studied. You may use labelled diagrams in your answer.
	Name of volcano
	[7]

[Total: 25 marks]

For Examiner's Use

(a) Study Fig. 6, which shows information about deforestation in selected countries.

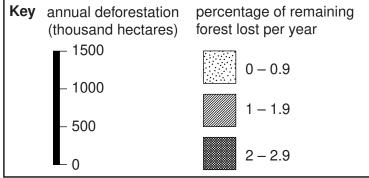

Fig. 6

(i) Rank the following countries in order of annual deforestation. Rank from highest to lowest.

[1]

(ii)	Name the two countries shown in Fig. 6 which have the lowest percentage of remaining forest lost per year.
	1
(iii)	Give three different reasons why large amounts of deforestation have occurred in the tropical rainforests.
	1
	2
	3
	[3]

© UCLES 2012

(b) Study Fig. 7, an article about the impacts of deforestation.

For Examiner's Use

The Amazon Basin still contains more than a third of the world's remaining rainforest, but deforestation has become a major problem. About 20% of the rainforest has already been destroyed. Huge areas of rainforest disappear each year and every day plants and animals are killed. Some species are becoming extinct. Where the forest has been cleared the land is open to soil erosion. The consequences of deforestation are far-reaching and affect global climate by adding to global warming.

Fig. 7

(i)	Explain how deforestation can kill plants and animals.
	[3]
(ii)	Explain why deforestation may cause soil erosion.
	[4]

ine origination of its climate.	

END OF QUESTION 4

For Examiner's Use

(a) Study Fig. 8, a flow diagram which shows a commercial farm in an MEDC.

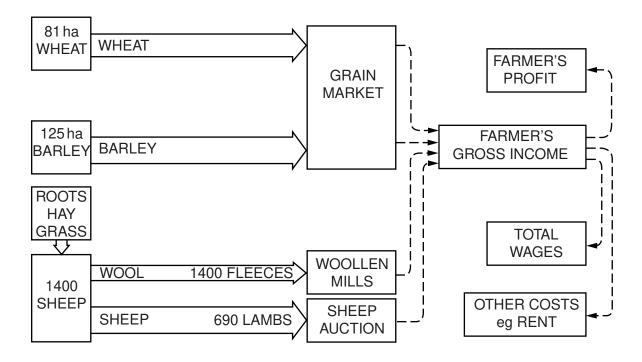

Fig. 8

(i)	What is meant by the term commercial farm?	
		[1]
(ii)	Identify one crop and one animal product which the farmer in Fig. 8 produces.	
	Crop Animal product	[2]
(iii)	Suggest three different natural inputs which will be required by the farm show Fig. 8.	n in
	1	
	2	
	3	[3]

	(iv)	Explain how commercial farmers in MEDCs have increased their output.	For
			Examiner's Use
		[4]	
(b)		dy Photograph B (Insert), which shows an area where agriculture is taking place in a lical country.	
	(i)	Describe three different features of the farming shown in Photograph B.	
		1	
		2	
		3	
		[3]	

` ,	Suggest reasons for the land use in the area shown in Photograph B. You should refer to natural and human factors.

END OF QUESTION 5

[Total: 25 marks]

For Examiner's Use

(a) Study Fig. 9, which shows information about water supply in an area.

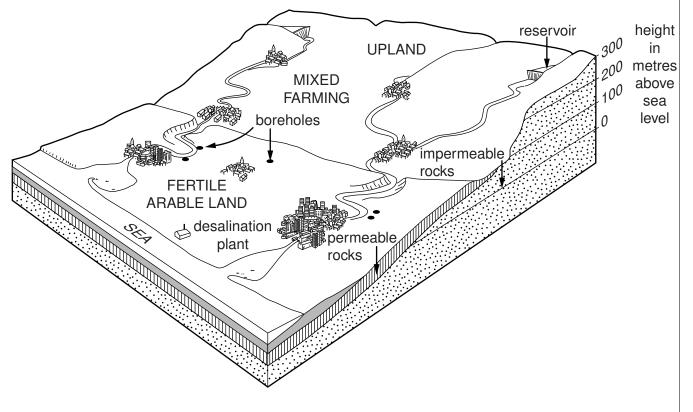

Fig. 9

(i) Estimate the height of the reservoir (dam) above sea level.

metres	[1]

(ii) Identify two other methods of water supply in the area shown in Fig. 9.

(iii)	Explain how water will be used in the area shown in Fig. 9 for agricultural, domestic and industrial purposes.	For Examiner's Use
	Agricultural	
	Domestic	
	Industrial	
	[3]	
(iv)	Suggest different ways in which the rivers shown on Fig. 9 may become polluted.	
	[4]	

(b)		By Photograph C (Insert), which shows an area in an MEDC which is being sidered for the site of a reservoir (dam).
	(i)	Suggest three advantages of the area shown in Photograph C for the site of a reservoir (dam).
		1
		2
		3
		[3]
	(ii)	Explain why some people will be in favour of building the reservoir (dam) at this site but other people will be against it.
	(ii)	
	(ii)	but other people will be against it.
	(ii)	but other people will be against it.
	(ii)	but other people will be against it.
	(ii)	but other people will be against it.
	(ii)	but other people will be against it.
	(ii)	but other people will be against it.
	(ii)	but other people will be against it.
	(ii)	but other people will be against it.
	(ii)	but other people will be against it.
