UNIVERSITY OF CAMBRIDGE INTERNATIONAL EXAMINATIONS International General Certificate of Secondary Education

www.papacambridge.com MARK SCHEME for the October/November 2011 question paper

for the guidance of teachers

0445 DESIGN AND TECHNOLOGY

0445/42

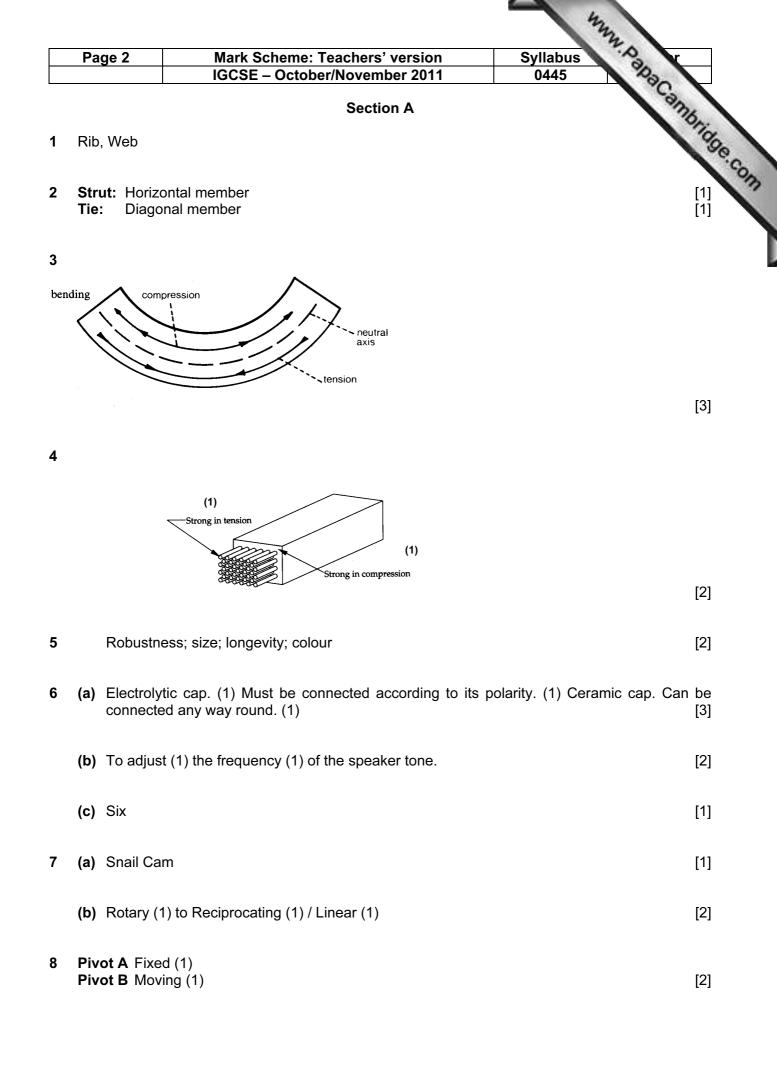

Paper 4 (Systems and Control), maximum raw mark 50

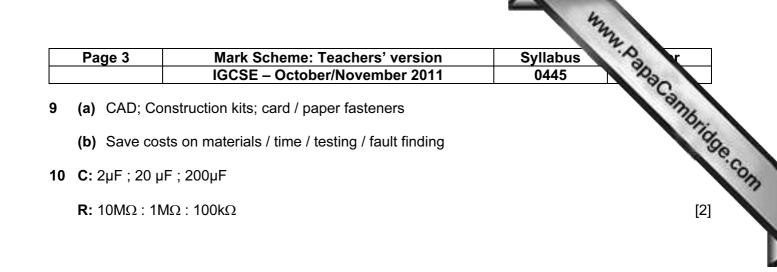

This mark scheme is published as an aid to teachers and candidates, to indicate the requirements of the examination. It shows the basis on which Examiners were instructed to award marks. It does not indicate the details of the discussions that took place at an Examiners' meeting before marking began, which would have considered the acceptability of alternative answers.

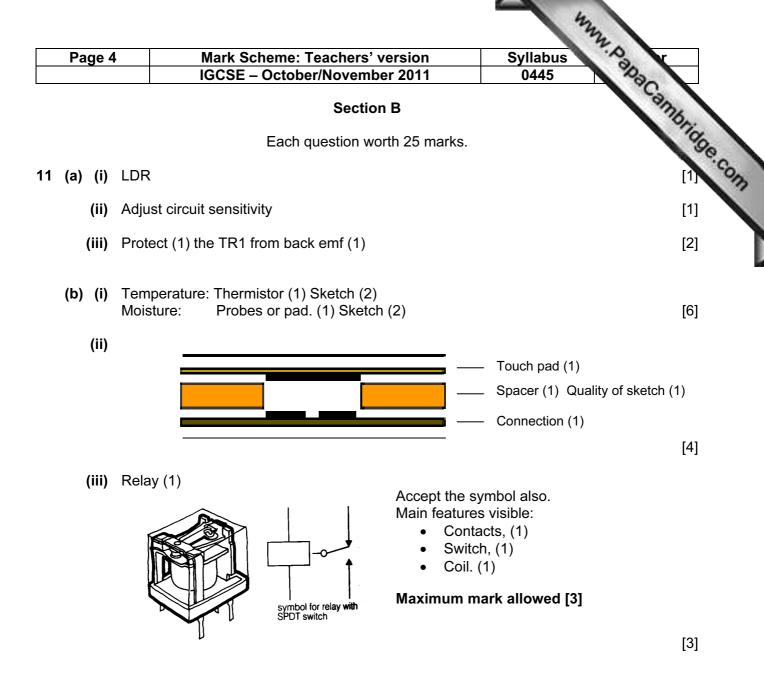

Mark schemes must be read in conjunction with the question papers and the report on the examination.

Cambridge will not enter into discussions or correspondence in connection with these mark schemes.

Cambridge is publishing the mark schemes for the October/November 2011 question papers for most IGCSE, GCE Advanced Level and Advanced Subsidiary Level syllabuses and some Ordinary Level syllabuses.

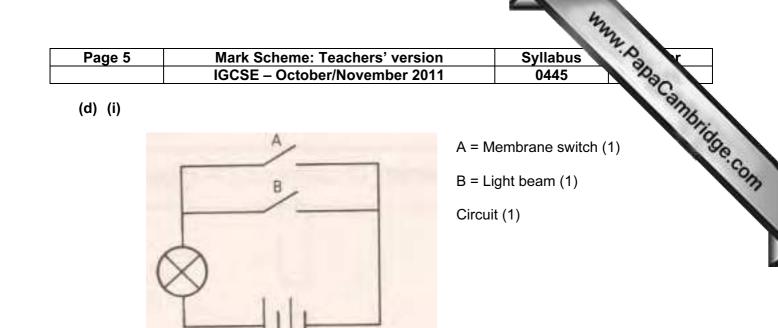

(c) Addition of second transistor (1) to create a Darlington Pair (1)

[2]

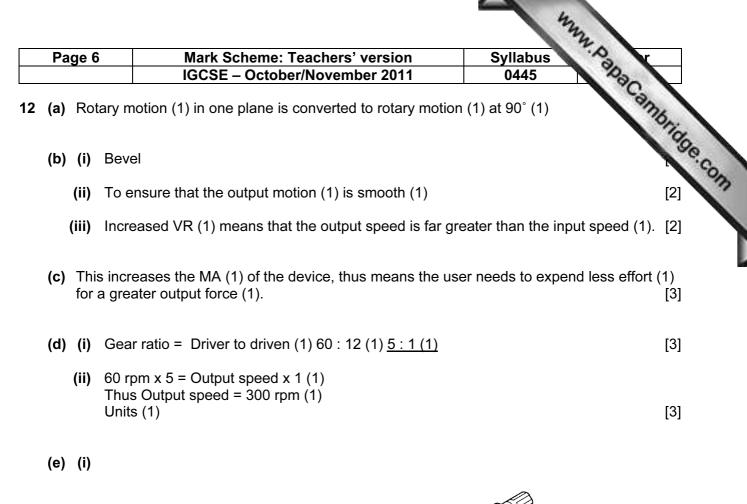

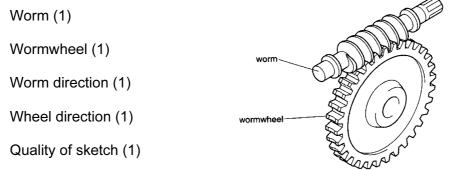

(ii)

Input A	Input B	Output
0	0	0
0	1	1
1	0	1

[3]

[3]

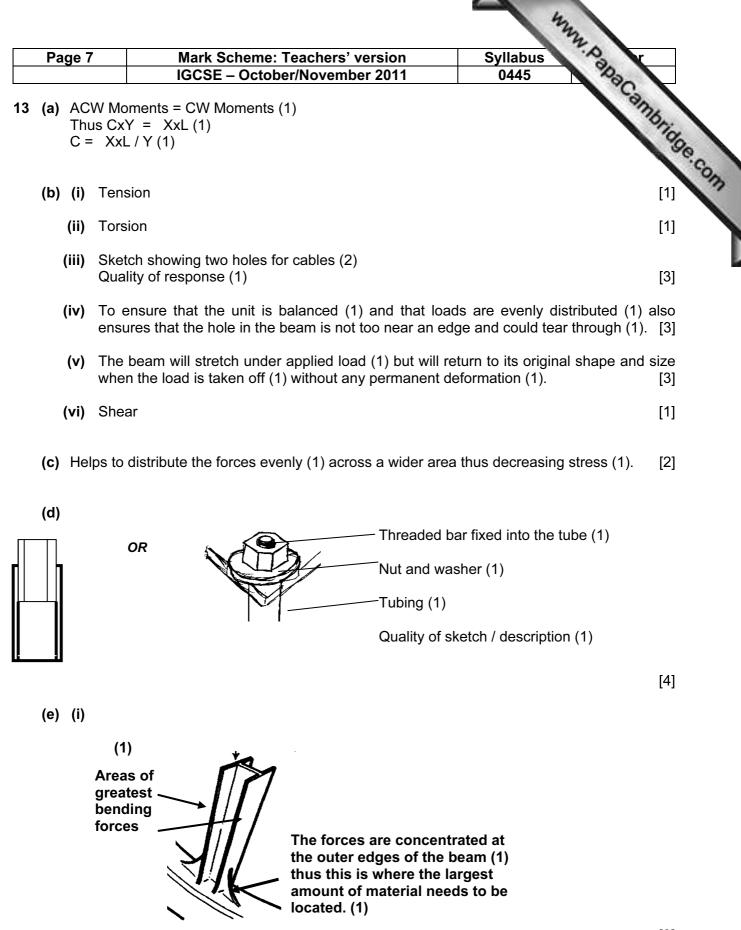

[5]

(ii) The VR of the system is large (1) as the worm (driven gear) has effectively one tooth (1). [2]

(iii) Guitar tuner

[1]

(ii) Joists in a building structure.
