Number 7

- (A) Start the recording. The test must be recorded throughout. The recording must **not** be paused or stopped at any point during the test. Give the candidate's name and number. Welcome the candidate(s) and explain briefly what is going to happen during the test.
- (C) Give the speaking test card to the candidate. This must take place AFTER the warm-up has taken place. Give any necessary explanation at this point, followed by a short preparation period (approximately 2–3 minutes), when the candidate may ask questions. The candidate may not make notes during this period.

The total duration of the speaking test, from the beginning of (A) to the end of (D), should be approximately 10–15 minutes. Note that only (D) is assessed. The speaking test must be conducted in English throughout.
