

MARK SCHEME for the May/June 2007 question paper

0520 FRENCH (FOREIGN LANGUAGE)

0520/01 Paper 1 (Listening), maximum raw mark 48

This mark scheme is published as an aid to teachers and candidates, to indicate the requirements of the examination. It shows the basis on which Examiners were instructed to award marks. It does not indicate the details of the discussions that took place at an Examiners' meeting before marking began.

All Examiners are instructed that alternative correct answers and unexpected approaches in candidates' scripts must be given marks that fairly reflect the relevant knowledge and skills demonstrated.

Mark schemes must be read in conjunction with the question papers and the report on the examination.

- CIE will not enter into discussions or correspondence in connection with these mark schemes.

CIE is publishing the mark schemes for the May/June 2007 question papers for most IGCSE, GCE Advanced Level and Advanced Subsidiary Level syllabuses and some Ordinary Level syllabuses.

General Marking Principles

- 1 Answers requiring the use of French (rather than a non-verbal response) should be marked. Tolerate inaccuracies provided the message is clear. Remember 'if in doubt sound it out'.
- 2 Look-alike test
- 3 Invalidation = 0
- 4 In general, do not accept incorrect French if the word given means something else in French.
- 5 For questions requiring more than one element for the answer, (i) and (ii), where the answers are interchangeable:

Both correct answers on line 1 and line 2 blank = 2

Both correct answers on line 1 and line 2 wrong = 1
(or vice-versa)

- 6 If a candidate crosses out an answer to a question and makes no second attempt, mark the crossed-out work.
