

**MARK SCHEME for the May/June 2011 question paper
for the guidance of teachers**

0520 FRENCH (FOREIGN LANGUAGE)

0520/23

Paper 2 (Reading and Directed Writing),
maximum raw mark 65

This mark scheme is published as an aid to teachers and candidates, to indicate the requirements of the examination. It shows the basis on which Examiners were instructed to award marks. It does not indicate the details of the discussions that took place at an Examiners' meeting before marking began, which would have considered the acceptability of alternative answers.

Mark schemes must be read in conjunction with the question papers and the report on the examination.

- Cambridge will not enter into discussions or correspondence in connection with these mark schemes.

Cambridge is publishing the mark schemes for the May/June 2011 question papers for most IGCSE, GCE Advanced Level and Advanced Subsidiary Level syllabuses and some Ordinary Level syllabuses.

1 General Marking Notes

2 General Marking Principles

- 2.1** Please note that it is not possible to list all acceptable alternatives in the Detailed Mark Scheme provided in Section 3. You will need to consider all alternative answers and unexpected approaches in candidates' scripts, make a decision on whether they communicate the required elements, in consultation with your Team Leader if necessary (or with your Product Manager if you are a single Examiner), and award marks accordingly.

The following marking principles underpin the detailed instructions provided in Section 3 of the Mark Scheme. **Where a decision is taken to deviate from these principles for a particular question, this will be specified in the Mark Scheme.**

2.2 Crossing out:

- (a) If a candidate changes his/her mind over an answer and crosses out an attempt, award a mark if the final attempt is correct.
- (b) If a candidate crosses out an answer to a whole question but makes no second attempt at it, mark the crossed out work.

2.3 Reading tasks: more than the stipulated number of boxes ticked/crossed by the candidate:

- (a) If more than one attempt is visible, but the candidate has clearly indicated which attempt is his/her final answer (e.g. by crossing out other attempts or by annotating the script in some way), mark in the usual way.
- (b) If two attempts are visible (e.g. two boxes ticked instead of the 1 box stipulated), and neither has been crossed out/discounted by the candidate, no mark can be awarded.
- (c) In questions where candidates are required to tick a number of boxes (e.g. tick the 6 true statements) the general rule to be applied is as follows: the number of 'extra' answers indicated by the candidate is deducted from the number of correct answers and the remaining number is the mark awarded, e.g. the candidate is required to tick 6 true statements, but instead ticks 8 statements. 5 of the 6 ticks are correctly placed, but 2 of the ticks are 'extras' (8 ticks placed by candidate minus 6 ticks required by rubric = 2). Therefore the candidate is awarded a mark of 3

$$\begin{aligned}
 & 5 \text{ number of correct ticks} \\
 & -2 \text{ minus number of extra ticks} \\
 & = 3
 \end{aligned}$$

- (d) Answers in pen do not take precedent over answers in pencil, eg if a candidate is asked to tick 1 box and ticks two, one in pen and the other in pencil, the mark cannot be awarded unless there is some explicit indication from the candidate as to which is his/her final answer.

2.4 Reading tasks: for questions requiring more than one element for the answer, (i) and (ii), where the answers are interchangeable:

Both correct answers on line 1 and line 2 blank = 2
 Both correct answers on line 1 and line 2 wrong = 1
 (or vice-versa)

Page 3	Mark Scheme	Syllabus
	IGCSE – May/June 2011	0520

- 2.5 Reading tasks:** answers requiring the use of French (rather than a non-verbal) should be marked for communication. Tolerate inaccuracies provided the message is clear.
- (a) 'If in doubt, sound it out': if you read what the candidate has written, does it sound like the correct answer?
 - (b) Look-alike test: does what the candidate has written look like the correct answer?
 - (c) Accept incorrect gender or person unless Mark Scheme specifies otherwise.
 - (d) Accept incorrect possessive adjectives e.g. mon, ton, son etc, unless Mark Scheme specifies otherwise (in general, Section 2 accept, Section 3 consult Mark Scheme carefully).
 - (e) Tolerate incorrect auxiliary unless Mark Scheme specifies otherwise.
 - (f) Tolerate incorrect use of infinitive unless Mark Scheme specifies otherwise.
- 2.6** Unless the Mark Scheme specifies otherwise, **do not accept incorrect French if the word given means something else in French**. (Incorrect French which constitutes a word in any language other than French is marked (i) on the basis of whether it is accepted or refused in the Mark Scheme and (ii) if not mentioned in the Mark Scheme, on the basis of 2.5 above).
- 2.7** Annotation used in this Mark Scheme:
- (a) INV = Invalidation and is used when additional material included by the candidate is judged to invalidate an otherwise correct answer thus preventing him/her from scoring the mark (INV = 0).
 - (b) tc = 'tout court' and means that on its own the material is not sufficient to score the mark.
 - (c) HA = harmless additional material which in conjunction with the correct answer does not prevent the candidate from scoring the mark.
 - (d) BOD = Benefit of the Doubt and is used to indicate material considered by the Examiner and judged to be more correct than incorrect: the benefit of the doubt is given to the candidate and the mark is awarded.
- 2.8** No response and '0' marks
- There is a NR (NO Response) option in **scoris**.
- Award NR (No Response):
- If there is nothing written at all in the answer space or
 - If there is only a comment which does not in any way relate to the question being asked (e.g. 'can't do' or 'don't know') or
 - If there is only a mark which isn't an attempt at the question (e.g. a dash, a question mark).
- Award 0:
- If there is any attempt that earns no credit. This could, for example, include the candidate copying all or some of the question, or any working that does not earn any marks, whether crossed out or not.

--------	--------------------------------------	------------------

2.9 Extra material: Section 2, Exercise 1

In **Section 2, Exercise 1**, reward the candidate for being able to locate the answer in the passage. Do not worry about lifting unless a lift is specifically rejected in the Mark Scheme.

Unless the Mark Scheme states otherwise, ignore extra material given in an answer providing that it does not invalidate an answer.

2.10 Extra material: Section 3

In **Section 3** it is the candidate's responsibility to answer questions in such a way as to demonstrate to the Examiner that s/he has understood the texts/questions. Where candidates introduce extra, irrelevant material to an otherwise correct answer the danger is that the Examiner is being forced to 'choose' the correct answer and s/he cannot be certain that the candidate has shown understanding. Where the Examiner is put in this position the mark cannot be awarded.

In **Section 3**, look for signs of genuine comprehension. Usually, candidates who lift **indiscriminately** fail to demonstrate comprehension and will not score the mark. However, **careful** lifting of the details required to answer the question does demonstrate comprehension and should be rewarded. The Detailed Mark Scheme (Section (c)) provides specific guidance but in cases not covered, the following general rules apply:

(a)	Extra material, mentioned in the Mark Scheme, which reinforces the correct answer or in itself constitutes an alternative correct answer:	this is acceptable and is not penalised
(b)	Extra material which constitutes an alternative answer, but which is not explicitly mentioned in the Mark Scheme:	<p>the Examiner needs to decide, by consulting the text and the Team Leader if necessary whether the alternative answer constitutes:</p> <ul style="list-style-type: none"> (i) an alternative correct answer, in which case this falls into category (a) and the answer should be rewarded (ii) or an answer which on its own would be refused, in which case this falls into category (c) and the answer should be refused
(c)	Extra material which constitutes an alternative answer specifically refused in the Mark Scheme:	this puts the Examiner in the position of having to 'choose' which is the candidate's 'final' answer – the Examiner cannot be sure what the candidate has understood – and the mark cannot be awarded
(d)	Extra material which distorts or contradicts the correct answer:	this affects communication – the Examiner cannot be sure what the candidate has understood – and the mark cannot be awarded
(e)	Extra material introduced by the candidate and which does not feature in the text:	this affects communication – the Examiner cannot be sure what the candidate has understood – and the mark cannot be awarded. It can sometimes be difficult to draw the line between what is a deduction made by an able candidate on the basis of what they have read and pure guesswork. Therefore where an answer of this sort occurs which is not covered in the Mark Scheme, Examiners should consult their Team Leader

APPROPRIATENESS OF LANGUAGE: 0, 1 or 2 marks according to grid

- Mark answers written in note form (e.g. where candidates answer **ALL** the questions but ignore the instruction to frame their answer as a message) as follows:

- Mark answers not written in the space provided exactly as those written in the correct space
- Vous arrivez dimanche; vous venez en avion; vous allez rencontrer (votre ami) devant le bureau de change = 2 for COMMUNICATION (candidate loses mark for first «vous» but not for repeated error) and 0 for LANGUAGE

Appropriateness of language		
2	For the award of 2 marks, 2 verbs must be in appropriate tenses/forms. Minor errors (adjective endings, use of prepositions etc) are tolerated.	For LANGUAGE, consider only the part of the candidate's work for which you award a communication mark. Je venant dimanche Je viens par le bus. Rencontre sur b.d.c. = 2 for comm. + 0 for lang.
1	There is some appropriate usage to reward: For the award of 1 mark, 1 verb must be in an appropriate tense/form.	For LANGUAGE accept any verb tense/form as long as it is used in a logical fashion, e.g. accept present, future, conditional (past not logical)
0	There are no examples of appropriate usage to reward. Where 0 marks awarded for Communication, 0 marks awarded for language.	NB: if candidates do not attempt one of the tasks they cannot score more than 1 mark for Language.

Exercice 2 Question 26: Ce que vous aimez manger

- COMMUNICATION: 1 mark per item up to a maximum of 10

- ACCURACY: up to 5 marks according to banded mark scheme

IGNORE LETTER HEADINGS & ENDINGS FOR COMMUNICATION AND ACCURACY

Communication: FOR COMMUNICATION BE TOLERANT OF VERBS / TENSES / SPELLING

(for spelling, use rules in 2.5, look alike, sound alike, etc)

- Award marks flexibly across the tasks. HOWEVER, each of the 4 tasks, (a), (b), (c), (d), must be covered to get the 10 communication marks.

If 1 of (a), (b), (c) or (d) is missing, the maximum communication mark is 9.

If 2 of (a), (b), (c) or (d) are missing, the maximum communication mark is 8 (and so on)

- **LISTS** = a maximum of 3 marks for communication: lists of 1–3 items = 1 mark; lists of 4 items = 2 marks; lists of 5–6 items = 3 marks

- **ONLY REWARD «delicieux» ONCE**

Accuracy

5	Straightforward vocabulary and structure. The style of writing is basic, but reasonably coherent. Use of a limited range of verbs, generally successful. More accuracy than inaccuracy.
4	Basic vocabulary and structure. Some awareness of verb usage, but inconsistent. The writing is sufficiently accurate for meaning to be conveyed.
3	Very basic vocabulary and structure. Little awareness of verb usage (e.g. infinitives regularly used instead of finite verbs). Despite regular errors, the writing often conveys some meaning.
2	A few phrases or short sentences are accurate enough to be recognisable. Very simple sentence structure.
1	Disjointed words or short phrases, one or two of them accurate enough to be comprehensible.
0	Nothing accurate enough to be comprehensible.

[Total : 15]

Section 3

Look for signs of genuine comprehension. Usually, candidates who lift indiscriminately to demonstrate comprehension and will not score the mark. However, careful lifting of the detail required to answer the question does demonstrate comprehension and should be rewarded. The Detailed Mark Scheme provides specific guidance but in cases not covered, see General Marking Principles, Section 2.10

Exercice 1 Questions 27–32

1 Mark per question for True or False

1 Mark for correcting False statement (27, 28, 29, 32)

First award marks for the True/False element and then award marks for the justification of the False statements:

- (a) **True/False element:** all 6 statements appear on screen. Enter marks as appropriate for correct identification of each statement as True or False.
 - If neither True nor False is 'ticked' for a question, enter N/R (no response).
 - If both True and False are 'ticked' (and there is no clarification of candidate's 'final' answer), enter 0.
- (b) **Justification for False statements:** only the 4 False statements appear on screen.
 - Only reward justification if mark awarded for False: if False is 'ticked', mark justification and enter mark.
 - If True is 'ticked', award N/R (or 0 if justification IS provided)
 - If True and False are both 'ticked' (and there is no clarification of candidate's 'final' answer), award 0 (ignore any justification)
 - If neither True nor False is 'ticked', mark justification and enter mark (no mark awarded for True/False element)

FOR ANSWERS NOT COVERED BY MARK SCHEME, ANNOTATION TOOL MAY BE USED, e.g. INV or BOD
