## MARK SCHEME for the May/June 2013 series

## 0580 MATHEMATICS

0580/32
Paper 3 (Core), maximum raw mark 104

This mark scheme is published as an aid to teachers and candidates, to indicate the requirements of the examination. It shows the basis on which Examiners were instructed to award marks. It does not indicate the details of the discussions that took place at an Examiners' meeting before marking began, which would have considered the acceptability of alternative answers.

Mark schemes should be read in conjunction with the question paper and the Principal Examiner Report for Teachers.

Cambridge will not enter into discussions about these mark schemes.

Cambridge is publishing the mark schemes for the May/June 2013 series for most IGCSE, GCE Advanced Level and Advanced Subsidiary Level components and some Ordinary Level components.

## Abbreviations

| cao | correct answer only |
| :--- | :--- |
| cso | correct solution only |
| dep | dependent |
| ft | follow through after error |
| isw | ignore subsequent working |
| oe | or equivalent |
| SC | Special Case |
| www | without wrong working |
| soi | seen or implied |

| Qu. | Answers | Mark | Part Marks |
| :---: | :---: | :---: | :---: |
|  | 7.2 oe <br> 10 <br> 8 <br> 7 <br> Mode <br> $\frac{8}{24}$ oe <br> $\frac{17}{24}$ <br> $45^{\circ}$ | 2 <br> 1 <br> 1 <br> 1 <br> 1 <br> 1 <br> 1 <br> 2 | M1 for $(3+5+8+10+10) / 5$ or $36 / 5$ <br> Must be a fraction <br> SC1 for bi and bii both given as decimals only i.e. $0.333(\ldots .$.$) and$ 0.708(....) <br> M1 for $360 \times 3 / 24$ or better seen |
| (a) (i) <br> (ii) <br> (b) (i) <br> (ii) <br> (c) <br> (d) | $\begin{aligned} & 3 m \\ & m+4 \\ & m+3 m+m+4=84 \text { oe isw } \\ & 16 \\ & \\ & \\ & 50 \\ & \\ & \text { [Shireen =] } \end{aligned}$ | 1 <br> 1 <br> 1 ft <br> 2 <br> 2 <br> 1 <br> 1 <br> 1 | $\mathrm{ft} m+(\mathrm{a})(\mathrm{i})+(\mathrm{a})(\mathrm{ii})=84$ if and only if (a)(i) and (a)(ii) are both in terms of $m$ M1ft for " 5 " $m=" 80$ " i.e. $\mathrm{p} m=\mathrm{q}$ (could be seen in bi) <br> May be implied by a correct answer <br> M1 for $4.2 / 84 \times 1000$ or better SC1 for figs '5' or 4200 seen <br> if M0 then M1 for $84 /(2+7+3)$ or better <br> and / or <br> SC1 3 correct answers in wrong order. |
