## **PSYCHOLOGY**

## GCE Advanced Level and GCE Advanced Subsidiary Level

Grade thresholds taken for Syllabus 9698 (Psychology) in the May/June 2009 examination.

|             | maximum           | minimum mark required for grade: |    |    |
|-------------|-------------------|----------------------------------|----|----|
|             | mark<br>available | A                                | В  | E  |
| Component 1 | 100               | 64                               | 56 | 33 |
| Component 2 | 50                | 38                               | 32 | 21 |
| Component 3 | 70                | 55                               | 48 | 27 |

The thresholds (minimum marks) for Grades C and D are normally set by dividing the mark range between the B and the E thresholds into three. For example, if the difference between the B and the E threshold is 24 marks, the C threshold is set 8 marks below the B threshold and the D threshold is set another 8 marks down. If dividing the interval by three results in a fraction of a mark, then the threshold is normally rounded down.

Grade Thresholds are published for all GCE A/AS and IGCSE subjects where a corresponding mark scheme is available.
