GCE Advanced Subsidiary and Advanced Level

### MARK SCHEME for the November 2005 question paper

## 9706 ACCOUNTING

9706/04

Paper 4, maximum mark 120

This mark scheme is published as an aid to teachers and students, to indicate the requirements of the examination. It shows the basis on which Examiners were initially instructed to award marks. It does not indicate the details of the discussions that took place at an Examiners' meeting before marking began. Any substantial changes to the mark scheme that arose from these discussions will be recorded in the published *Report on the Examination*.

All Examiners are instructed that alternative correct answers and unexpected approaches in candidates' scripts must be given marks that fairly reflect the relevant knowledge and skills demonstrated.

Mark schemes must be read in conjunction with the question papers and the *Report on the Examination*.

The minimum marks in these components needed for various grades were previously published with these mark schemes, but are now instead included in the Report on the Examination for this session.

• CIE will not enter into discussion or correspondence in connection with these mark schemes.

CIE is publishing the mark schemes for the November 2005 question papers for most IGCSE and GCE Advanced Level and Advanced Subsidiary Level syllabuses and some Ordinary Level syllabuses.

_	the second data is a second			
Т	he proposal, then, is to exchange your current share certifi	cates for new	certificates	

The proposal, then, is to exchange your current share certificates for new certificates showing that the shares you currently hold will have a nominal value of \$0.70 each. (1 of)

Page 3	Mark Scheme		Paper
	A/AS LEVEL – NOVEMBER 2005	9706	4

The benefits of this scheme, if implemented, are as follow:

(b)

(c)

- (1) The company has secured some profitable new contracts which we confidently expect to produce annual profits of \$70 000. (1)
- (2) The directors will propose to recommence an annual distribution of \$50 000 as ordinary dividend. (1)
- (3) The dividend will represent an annual yield of 2.85 per cent on your shares. (4) The average rate of return on money invested outside the company is currently 2.80 per cent. (1)
- (4) If your consent is not given to this scheme, it could be a number of years before the company could re-commence the payment of dividends. (1)

You will be invited to attend a meeting of the company at which you will be able to vote on a special resolution to empower the directors to implement the scheme of capital reduction. (1)

- (d) Matters for inclusion in the Directors Report.
- 1. A review of the business during the year and its position at the end of the year. (1) The Profit and Loss Account and Balance Sheet do not provide information which cannot be expressed in monetary terms (concept of money measurement). (1)
- 2. The principal activities carried on by the company during the year and significant changes in those activities. (1) The accounting statements cannot explain the activities carried on by the company/FRS 3 does not give adequate information about new and discontinued activities. (1)
- 3. Particulars of important events that have occurred after the end of the financial year and which affect the company.(1) Post Balance Sheet events occur after the directors have approved the financial statements and may affect the Balance Sheet or Profit and Loss Account (adjusting events) or may affect the business after the Balance Sheet date (non-adjusting events). (1)
- 4. Recommended dividends. (1) These must be approved by the members of the company at the annual general meeting. (1)
- 5. Names of directors of the company and their interests in shares or debentures of the company.(1) Shareholders are entitled to know who have been stewards of their interests during the year and the extent of each director's commitment to the company as share or debenture holders.(1)
- 6. Donations to political parties or charities during the year.(1) Shareholders may not wish their money to be used for political purposes, or may wish that some of the profits be used for charitable purposes. (1).
- 7. Arrangements for promoting the health, safety and welfare at work of the employees (1) Shareholders are entitled to be re-assured that the company is abiding by current legislation concerning health and safety and that it is concerned with the welfare of its employees (good labour relations). (1)
- 8. Information about research and development being carried on by the company. (1) This helps to assess the future prospects of the company. (1)
- 9. An indication of the future developments in the company's business. (1) An indication of likely future growth (1) and/or diversification (1) or disposing of non-core activities. (1)
- 10. Significant changes in fixed assets during the financial year. (1) Shareholders are informed of any material differences between the Balance Sheet values of fixed assets and their current market values.(1)

(1 mark for each matter and one for each comment on its significance. Maximum 10 marks.) [10]
