# MARK SCHEME for the October/November 2014 series

# 9706 ACCOUNTING

9706/22

Paper 2 (Structured Questions – Core), maximum raw mark 90

This mark scheme is published as an aid to teachers and candidates, to indicate the requirements of the examination. It shows the basis on which Examiners were instructed to award marks. It does not indicate the details of the discussions that took place at an Examiners' meeting before marking began, which would have considered the acceptability of alternative answers.

Mark schemes should be read in conjunction with the question paper and the Principal Examiner Report for Teachers.

Cambridge will not enter into discussions about these mark schemes.

Cambridge is publishing the mark schemes for the October/November 2014 series for most Cambridge IGCSE<sup>®</sup>, Cambridge International A and AS Level components and some Cambridge O Level components.

® IGCSE is the registered trademark of Cambridge International Examinations.

| P | age 2 | Mark Scheme  | Syllabus | Paper |

|   |       | Cambridge International AS/A Level – October/November 2014           | 9706     | 22    |
| 1 | (a)   | Nother Limited's Manufacturing Account for the year ended 31 March 2 | 2014     |       |

| Raw Material<br>Inventory at 1 April 2013<br>Purchases | \$<br>360<br><u>1896</u><br>2256 |
|--|----------------------------------|
| Inventory at 31 March 2014                             | (300) <b>(1cf)</b>               |
| Cost of raw material consumed                          | 1956 <b>(1)</b>                  |
| Manufacturing wages (1250 + 40)                        | 1290 (1of) label needed          |
| Prime cost   | 3246                             |
| Factory expenses (780 <b>(1)</b> + 112 <b>(1)</b> )    | 892                              |
| Provision for depreciation Premises                    | 10 <b>(1)</b>                    |
| Machinery  | 18 (2) or 21 (1)                 |
| Loss on sale of machine (44 – 24 –14)                  | 6 (1cf) 926                      |
|  | 4172 (1) must be minus           |
| Work in progress (210 – 220)                           | (10)                             |
| Factory cost of production                             | 4 162                            |

Own figure marks are awarded with no aliens.

1

Treat revenue as an alien if used in the manufacturing account, lose prime cost mark but all other marks are available - potential maximum 9 marks. Award marks for raw material cost, manufacturing wages and overheads irrespective of

direction. [10]

- Work in progress must be the final figure to be rewarded.
- (b) Nother Limited's Income Statement for the year ended 31 March 2014

|   | \$                           | \$         |
|---|------------------------------|------------|
| Revenue (5054 –14)  |                              | 5040 (1cf) |
| Finished goods  |                              |            |

#### 2 (a)

#### Bill and Charles

Calculation of partnership profit for the year ended 31 December 2013

| Decrease in current account balances:<br>Bill (\$17 000 – 2160)<br>Charles (\$18 000 + 2800) | \$<br>(14840) <b>(1cf)</b><br><u>(20800)</u> <b>(1cf)</b><br>(35640) |
|--|--|
| Add: drawings (2 $\times$ \$24000)   | <u>48 000</u> (1 + 1)  |
| Profit for the year  | <u>12 360</u> (1of) no aliens  |

Alternative answer – Profit for the year – 83640 (4)

If calculation includes capital accounts treat as alien and no own figure marks for profit for the year.

If only one partner is considered maximum of 2 marks (opening balance and drawings). Award 2 marks for drawings irrespective of direction.

[5]

(b)

| Goodwill<br>Balance c/d | Bill<br>\$<br>28800 <b>(1)</b><br>147200 | Charles<br>\$<br>19200 <b>(1)</b><br>56800 | Balance b/d<br>Goodwill | Bill<br>\$<br>144 000<br>32 000 <b>(1)</b> | Charles<br>\$<br>60 000 <b>(1 both)</b><br>16 000 <b>(1)</b> |
|-------------------------|--|--|-------------------------|--|--|
|                         | 176000                                   | 76000                                      | -                       | 176000                                     | 76000  |
|                         |  |  | Balance b/d             | 147200 (1of)                               | 56800 (1of)  |

Bill's balance b/d may be shown as 120000 + 24000. Still award 1 mark for both partners' opening balances. Must be T account format or three column running balance.

#### Interest on capital

Award own figure marks if closing capital account balance from (b)  $\times$  8%  $\times$  6 months. Award '0' marks if interest on capital is calculated on opening balances – Bill – 5760 Charles 2400.

Own figure marks for share of profit/loss must be candidates own figure shared in the correct ratio.

[7]

All marks are for the complete line. Own figure marks for Canteen and Stores must be in correct ratios.

## (b) Machining: [\$238659/46400] (1of) = \$5.14 [per machine hour] (1 for narrative)

Assembly: [\$185361/28600] (1of) = \$6.48 [per direct labour hour] (1 for narrative)

#### Do not accept 'per hour' for narrative marks.

(c)

 Actual overhead (\$)
 Machining
 Assembly

 Absorbed \$5.14 × 49 120
 239 110
 192 860

 Absorbed \$6.48 × 28 150
 252 477
 182 412

 \$13 367 (10f)
 \$10 448 (10f)
 Over absorbed (10f)

|        | Own figure marks for overheads must relate to the candid Allow for roundings.  | ates' answer              | to part (e).     | [6]   |  |  |  |  |

(f) 1. Allocation – Directly attributable costs (1) are allocated to the relevant department. (1)

**2.** Apportionment – Costs that **cannot** be directly attributed to a department **(1)** are apportioned on an equitable basis. **(1)** 

**3.** Absorption – **Total** costs **(1)** that have been allocated and apportioned to a department are absorbed into products on the basis of the product's use of the overheads. **(1) [6]**
