## MARK SCHEME for the October/November 2013 series

## 9706 ACCOUNTING

## 9706/43

Paper 4 (Problem Solving - Supplement), maximum raw mark 120

This mark scheme is published as an aid to teachers and candidates, to indicate the requirements of the examination. It shows the basis on which Examiners were instructed to award marks. It does not indicate the details of the discussions that took place at an Examiners' meeting before marking began, which would have considered the acceptability of alternative answers.

Mark schemes should be read in conjunction with the question paper and the Principal Examiner Report for Teachers.

Cambridge will not enter into discussions about these mark schemes.

Cambridge is publishing the mark schemes for the October/November 2013 series for most IGCSE, GCE Advanced Level and Advanced Subsidiary Level components and some Ordinary Level components.

[17]
(b)

Voronez plc
At 30 June 2013

| Ordinary share capital | $\$$ |
| :--- | :---: |
| Balance at start of year | $175000(1) \mathrm{OF}$ |
| Purchase of own shares | $(\underline{80} 000)(1)$ |
| Statement of financial position | $\underline{95000}(1)$ of |
|  | $\$$ |
| Share premium | $33000(1) \mathrm{OF}$ |
| Balance at start of year | $\$$ |
| Capital redemption reserve | $80000(1)$ |
| Purchase of own shares | $\$$ |
| Retained earnings | 58000 |
| Balance at start of year | 86000 |
| Profit for the year | $(2000)(1)$ |
| Preference dividend | $(80000)(2)$ |
| Capital redemption reserve - par value of shares | $(10000)(2)$ |
| Capital redemption reserve - premium on redemption | $\underline{52000}$ |
| Statement of financial position |  |

(c) Dividends must be paid from revenue reserves (retained earnings). (1)

No dividend can be paid if no retained earnings (1) or revenue reserves (1).
Dividends may not be paid from share capital (1) or capital reserves (1).

| Page 4 | Mark Scheme | Syllabus | Paper |
| :---: | :---: | :---: | :---: |
|  | GCE A LEVEL - October/November 2013 | 9706 | 43 |

(d) (i) A capital redemption reserve is created to protect the creditors of the business (1), to ensure the capital and cash of the company is not taken out of the business (1).
(ii) The whole of the amount of the redemption is taken from retained earnings (1). This is because no new issues of shares have been made to help fund the redemption (1).
(iii) The capital redemption reserve may be used to issue bonus shares (1) to existing shareholders (1).

3 (a) Budgeted income statement for the year ending 31 May 2014
