UNIVERSITY OF CAMBRIDGE INTERNATIONAL EXAMINATIONS

International General Certificate of Secondary Education

MARK SCHEME for the May/June 2011 question paper for the guidance of teachers

0445 DESIGN AND TECHNOLOGY

0445/12

Paper 1 (Design), maximum raw mark 50

This mark scheme is published as an aid to teachers and candidates, to indicate the requirements of the examination. It shows the basis on which Examiners were instructed to award marks. It does not indicate the details of the discussions that took place at an Examiners' meeting before marking began, which would have considered the acceptability of alternative answers.

Mark schemes must be read in conjunction with the question papers and the report on the examination.

• Cambridge will not enter into discussions or correspondence in connection with these mark schemes.

Cambridge is publishing the mark schemes for the May/June 2011 question papers for most IGCSE, GCE Advanced Level and Advanced Subsidiary Level syllabuses and some Ordinary Level syllabuses.

Page 2		Mark Scheme: Teachers' version	0		
raye z		IGCSE – May/June 2011	Syllabus 0445	900	
(a)		any four additional suitable points – easy to proof, appropriate height, baby cannot fall off, stor	clean, stable in use, age for items, etc.	ORDACAI (1x4)	Abridge
(b)	Accept division	(2x2)	[4]		
(c)	Any su rata if f				
	Simple drawings displaying a low standard or limited range of techniques Clear drawings displaying a good standard and a range of techniques – shading /colour/annotation etc				
	High quality drawings using a wide range of techniques with clear annotation and detail			(5-6)	
	Rather	ility stic designs showing outlines only more detail, sensible solutions that could work te solutions, good fitness for purpose, detailed co	nstruction	(0-2) (3-4) (5-6)	[12]
(d)		tion of each of the ideas. At least 3 evaluations uon and justification. (1+1)	p to 2 marks each	(0-6) (2)	[8]
(e)	Poor lii Good l	y of drawing ne quality, proportions, little detail ine work, use of colour, proportions, some detail tandard throughout with a range of techniques sions 2 or 3 overall dimensions only - 1 Additional detail dimensions - 2	that show clearly all	(1) (2-3) (4) (2)	
	Const	(-)			
	A simplistic approach showing little or no detail of construction to be used Most constructional detail may be obvious from overall views or with some annotation				
		nstructional detail will be clear with good anno Irawings as necessary	tation and additional	(5-6)	[12]
(f)		e specific materials stated. oriate reasons for choice.		(2) (2)	[4]
(g)		e method stated. detailed description of: processes tools.		(1) (3) (2)	[6]
